Completion Notes;

**Note 1**

Continue on reverse if necessary

**Note 2**

Legible notarized copies of the license and/or supporting documentation must be provided to the CAA CI, or other similar agent, or by the Civil Aviation Authority of the State that issued the license and mailed or couriered to the address below.

**Note 3**

Continue on reverse if necessary

**Note 4**

If the license being submitted clearly indicates the relevant endorsement, training details may be omitted.

Licenses from other authorities with endorsements written in a foreign language will only be considered if they are accompanied by a notarized translation.

Licenses issued by 'Other' authorities will only be considered for line maintenance type work when accompanied by appropriate rating and/or training.

Additional Details:

1.H.

3.A.

The validation of granted by ICAO contracting states is in accordance with the provisions of Article 13(4) of the Air Navigation (Overseas Territories) Order (AN(OT)O), for the time being in force, and with the standard set out in paragraph 4.2 and 4.3 of Annex 1 (Personnel Licensing) to the Convention on International Civil Aviation and is effected by the Cayman Islands Civil Aviation Authority for the purpose of operating Cayman registered aircraft.

A Type Rated Validation Certificate will not normally be issued to Aircraft Maintenance Engineers who are unable to provide evidence of type training, either by a type-rated licence or by the completion of an approved course of training for the aircraft type they have applied for.

Applicants for Validation Certificates must be employed full-time by an aircraft operator and should complete this form and return it to the Civil Aviation Authority

I certify that the above information is true and correct to the best of my knowledge and that I am fully conversant with Cayman Airworthiness Requirements and the requirements of the Cayman legislation contained in the AN(OT)O, for the time being in force.
