

DRONES IN THE CAYMAN ISLANDS

WHEN YOU FLY A DRONE (*small unmanned aircraft*) YOU HAVE LEGAL RESPONSIBILITIES.

More information at www.caacayman.com or email civil.aviation@caacayman.com

- You are legally responsible for the safe conduct of each flight. Take time to understand the rules – failure to comply could lead to a criminal prosecution.
- Before each flight check that your unmanned aircraft is undamaged and all components are working in accordance with the supplier's user manual.
- You must keep the unmanned aircraft within your sight at all times.
- You are responsible for avoiding collisions with other people or objects – including aircraft. Do not fly your unmanned aircraft in any way that could endanger people or property.
- It is illegal to fly your unmanned aircraft over a congested area. Also, stay three nautical miles from airports and one nautical mile from prisons.
- Do not fly your unmanned aircraft within 50m of a person, vehicle, building or structure, or overhead groups of people at any height
- Think about what you do with any images you obtain as you may breach privacy laws.
- If you intend to use an unmanned aircraft for any kind of commercial activity, you must get 'permission' from the CAA and obtain a business license from DCI. For more details visit: www.caacayman.com
